

Instrumentation Rental - Leasing Program

Edgetech Instruments Inc. offers a variety of instruments from its standard product line for lease to customers seeking short term solutions to their DewPoint / RH / Moisture / Gas Analysis needs. This program is limited and is based on availability of instruments within our lease-stock. ETI reserves the option of using new or used equipment for lease purposes.

Leased products are calibrated instruments that are tested / inspected prior to shipment. Included with the shipment are normal operating accessories and an operations manual. If you require special accessories, options, or NIST traceable certification, please inquire about availability at the time of order.

Leased or rental products may not be exposed to hazardous chemicals, biological agents or radioactive materials.

\$1900/month or \$800/week

ELH-1.5 Precision Humidity and Temperature chamber featuring chilled mirror hygrometer control
Dewtech 390 Precision, laboratory grade low dew point hygrometer
DewTrace trace moisture laboratory grade hygromete

\$1800/month or \$700/week

DPS3 heated hygrometer for measuring dew point above ambient temperature
RH-CAL portable relative humidity- temperature chamber
DewTrace trace moisture laboratory grade hygrometer
PDM75 with X3SF chilled mirror sensor (measure down to -70C dew point at STP)
Oxymaster trace moisture and trace oxygen analyzer

\$1500/month / \$600/week

Com.Air industrial duty chilled mirro hygrometer
DPM99 medical gas grade chilled mirror hygrometer
DewGen precision low dew point generator
DewMaster laboratory grade chilled mirror hygrometer
1500 portable chilled mirro hygrometer
Oxytran trace oxygen transmitter

\$1200/month / \$500/week

DewtrakII chilled mirror hygrometer transmitter
Dewtrak-MO chilled mirror hygrometer transmitter for Octane Analysis
Dewtrak-DE chilled mirror hygrometer transmitter for engine air intake analysis
Sentinel polymer probe based trace moisture transmitter
SENTRY compressed air alarm system
PPM1
PPM2

1. 50% of lease cost may be applied to purchase price of instrument.

2. Subject to availability
